ABOUT THE COMPANY

HOW IT STARTED

For Chef Benny Se Teo, it starts with hope. The determination to inspire ex-offenders and youths-at-risk in finding positive ways to integrate back into society.

Since 2007, Eighteen Chefs' vision of good people, great food and a better society has been shared with all our customers. Together with you, we have experienced our ups and downs; and thanks to you, Eighteen Chefs has grown from strength to strength through the years.

Chef Benny has successfully created a culture pulsating with youthful vibes at Eighteen Chefs, with a philosophy that has guided them through its struggles – good quality food at affordable prices – the same ethos adopted by The MeatHöuse.

As our customers progress into the next phase in their lives, we too advance into new and exciting territory. And with new ground, comes new culinary adventures. The MeatHöuse is proud to present an inventive menu of premium meats inspired by international cuisines.

Let's continue on our journey hand in hand.

One where a destination doesn't matter, as long as we walk it together.

PROGRAMME OUTLINE

THE MEATHÖUSE LEARNING JOURNEY

We provide team bonding programmes suitable for all ages, from students to even executives.

Come along with us as we bring you on a learning journey that would both inspire and engage you.

#01 OPEN KITCHEN TOUR

**A SNEAK PEEK TO WHAT GOES ON
BEHIND THE SCENES.**

We put in a lot of hard work into what we do and we would love to share it with you!

Come experience a day in the lives of our chefs and understand what they go through on a daily basis with our open kitchen tour.
